Raby's Dispersion Sale of Registered

Shorthorn Cattle

COTTON PALACE EXPOSITION GROUNDS

Waco, Texas, Sept. 20, 1922

J. C. CHRISMAN, Sales Mgr.

Announcement

IN THIS, our dispersion sale, we are offering for public appraisal some of the best cattle in individuality, pedigree, and breeding performance that the breed affords. They represent years of skill and painstaking effort on the part of the late Dr. J. R. Raby, who spared no means in laying the best kind of a foundation and in keeping in service the best of herd bulls. The achievements of the herd are to be found in the records of the show ring and the public sale ring, as well as in the influence its blood is having on other herds throughout the southwest. We believe that a superior herd of cattle has never been built up or offered at public auction in the South. We believe, further, that nowhere are to be found cattle of richer Scotch breeding, for there are no more noted or popular families nor more prominent bulls than constitute the pedigrees of this offering.

This sale, unlike many dispersion sales, will not include tail enders or any animals about which we are doubtful in any respect. As a whole they are a select, young lot of cattle and we expect every animal to render good value in the herd to which it goes. The herd is under federal and state supervision in being tested for the tuberculosis-free accredited list and every animal has passed two successful tests.

The dispersion of this herd of cattle is an opportunity for the established breeder and the beginner, alike, to acquire breeding material of the most valuable sort. We earnestly hope that you will take advantage of it and that we may have the pleasure of your presence at the sale.

Sincerely,

RABY RANCH.
